## SUMMARY

---

I have 12+ years of Extensive experience in Design Industry, includes **6 years as UX/UI Designer**. specialist in creating attractive, usable, and accessible Applications and Websites. I mainly focus on the end user experience. In my career, I have worked on various projects, which drive me to gain more knowledge and unique experience in User Experience Design.

I believe that invisible key of Success is Constant learning. So I update my unique skills & techniques which I implement in my work to feel the cutting edge technology.

## STRENGTH & SKILLS

---

### USER EXPERIENCE DESIGN (UX):

DISCOVER: competitive analysis, audience analysis & research.

DEFINE: user scenarios, process workflow & wireframes.

TESTING: reduce cognitive load & A/B testing.

### USER INTERFACE (UI):

Ability to Translate complex interface into simple and elegant designs.

Aesthetic Design scene for UI Patterns

Strong Knowledge in Color Theory & Web Typography.

### INTERACTION DESIGN (IXD):

Designed based on the human interaction with the product.

To create meaningful touch gesture design with usability.

Create the best visual language.
